GRID TIE INTERCONNECT AGREEMENT & ALTERNATE POWER SOURCE APPLICATION

By signing below, the customer understands, and is in agreement with, Town of Wickenburg Electric Utilities Photovoltaic System Interconnection Requirements. The customer should not proceed with the project until APS and the Town of Wickenburg contacts the customer and indicates approval of the information supplied by the customer on the agreement form and all construction documents and plans. I understand that the Town of Wickenburg does not participate in any incentive programs. The Town of Wickenburg does NOT pay the customer for excess power returned to the grid.
